ELECT

Mohamed KARATELLA

REGIONAL COUNCILLOR, WARD 1

**OUR TOWN.
OUR ISSUES.**

Jobs • In Town.

Seniors • Our Treasures.

A Safe Place • Right Here.

Waterfront • Clean. Fun.

Youth • The Future.

MY TOWN. MY COMMITMENT.

A LONG JOURNEY. HOME.

Choosing Ajax as my forever home was one of the best decisions we made.

My wife Minisha and I have lived in Ajax for the past 18 years, and for 12 years before that, in Pickering. I am proud to say that our 3 kids were all born and raised here.

My family came to Canada as refugees from Uganda, Africa.

To say that Canada has been a blessing to my family is an understatement.

I have travelled all over the world, and I can unequivocally say that there simply is no place in the world better than Canada.

I am proud to call Canada my home, and my Country.

Jobs, Seniors & Youths, an enhanced Police presence, and the Waterfront are all ongoing issues.

Yet speeding has also become a serious issue! It requires action with traffic calming measures and more 4 way stop intersections.

If you honour me with your vote, I pledge to seek efficiency, bring execution and hold up accountability to our Town's issues.

I will communicate regularly with you, I will meet and visit with you at any time, and I will be held accountable at the end of my term. You can count on it.

Vote For Mohamed Karatella, for Regional Councillor, Ward 1.

~Mohamed

GIVING BACK. IT'S A FEEL GOOD THING.

A VOTE FOR

Mohamed Karatella

For Regional Councillor, Ward 1, Ajax

@ mohamedkaratella

(416) 417-7131

mohamed@mohamedkaratella.com

IS A VOTE FOR:

Jobs. Right Here.

That means bring Business to Ajax, that means making it easier for companies to set up their operations here. That means actually using the Priority Path actively. Bringing Business to Ajax means easing the tax burden on residents.

Seniors. Our Treasures.

They are the keepers of our faith, our heritage, our memories, and they are the reason we are here. Basic needs like housing should not be an unknown. The same applies for low-income residents, people with accessibility needs, and others.

A Safe Place.

Ajacians should be able to live, play and work right here. And right here is where it needs to be safe again. Its universally agreed that an increased police presence is necessary, lets move forward with determining what that presence should look like.

mohamed@mohamedkaratella.com

IS A VOTE FOR:

Our Waterfront.

Preserving what is unique about our Town - a beautiful waterfront. Leaving future generations with areas where families can enjoy activities, yet retain its natural beauty. No more algae!

Youth. The Future.

In a fast paced society, our youth is hurtling forward, often without direction and purpose. No wonder many are disengaged. Introducing business world mentorships is just one positive way to engage them.

And More.

Bike Lanes. Traffic Congestion. Transit. Taxes. People have a lot on their minds.

Enough with the talk, lets get some solutions.
